

# KS1 Enrichment Activities

## Topic: 'A Summer of Sports'

1. Choose at least one homework activity from each section.
2. Share your ideas with an adult and ask for some help if you need it.
3. Make sure your work is of the highest quality you can produce (e.g. written, photograph, artwork).
4. Bring in your homework activities when you complete them in your folder. Really good pieces of work will be displayed and you can show your parents or carers.

Activities I have chosen	Homework Activity Choices
	<p>Create a game that helps you practice counting up in 2s 5s and 10s. If you're really confident you could even challenge yourself to count up in 3s</p> <p>Don't forget to practise times table rock stars.</p>
	<p>Can you write your own word problems using any two of the four operations? You could bring them in and challenge children in the class to solve them. As an extra challenge, try and make the problems 2 step. Eg buy 2 items in a shop and then find the change.</p>
	<p>Play some time games. Visit <a href="https://mathsframe.co.uk/en/resources/resource/119/find-the-start-time">https://mathsframe.co.uk/en/resources/resource/119/find-the-start-time</a> and select what time intervals you want to use. Use the analogue clock.</p>
	<p>Year 2: practical measuring tasks using liquid or solids. Measuring in g, kg, ml, l. Why not have a go at some baking using scales or a measuring jug and try to read the amounts?</p>
	<p>Can you tell us about your favourite sport or hobbies? You can write about it or maybe leave us a voice or video message on Seesaw. Please try to tell us what you really like about it and why!</p>
	<p>You've found the Olympic Torch! It has magical powers! Write your own story of how you and your friends go on different adventures with the magic torch. Where does it take you? What does it do? How do you get home safely?</p>
	<p>Can you do your own player profile (Think trump card!) for a footballer in the Euros or an athlete in the Olympics? Have fun with it and if you want you can make up your own athlete or footballer.</p>
	<p>Set yourself a sports challenge. Can you combine three activities to make your own triathlon. Each activity should last for 5 minutes. (Think running, biking, skipping, star jumps. Dribbling in and out of cones...) Tell us how you got on or post a Video on Seesaw!</p>
	<p>England in the Euros and GBR in the Olympics need a new song! Can you come up with an inspirational song or small piece of music to help our sportsmen and women to success? You can perform these in class or on Seesaw.</p>
	<p>Can you draw the flags of the countries in the Olympics? You could also find out facts about some of the countries. We would love to see these on Seesaw.</p>
