

# Dunnington News

26<sup>th</sup> January 2018

The defibrillator is now in place and registered with North Yorkshire Ambulance Service. This is a vital resource to support the community and first responders. The defibrillator is situated on the boiler house wall facing Pear Tree Lane and is accessible via the pedestrian gate at all times. To make use of this life-saving piece of equipment, phone 999 and you will be instructed how to open the cabinet. We hope to organise some training for the community and will let you know the details when arrangements have been made. A massive thank you to the PTA, who provided the funds to purchase this equipment.

## **NEW MUSICAL ACTIVITIES AT YORK MUSIC CENTRE**

### **New Recorder Session to start!**

Free taster session Wednesday 31st January.
