### Science Club (KS1)

I am delighted to be able to announce that, after Christmas, we will be running a Science club. This will be run in six week blocks. The first block of sessions will be open to KS1 but it is hoped that we will run a KS2 one soon. The club will provide the children with an exciting, hands-on opportunity to investigate scientific facts. It will be run by Steph Thurman who is a qualified science teacher.

Children will be allocated on a first come, first served basis and the cost will be £27 per child for a six week block of sessions.

The first topic will be the Human Body.

Please read the attached letter, complete the form and return to me with payment if you wish your child join the club.

Many thanks,

Charlotte Todd - Science Coordinator.

### SPORTS NEWS

19 children took part in the Indoor Sportshall Athletics event at Huntington Secondary School this week. It is always a fabulous afternoon with lots of field and track events accompanied by a very loud speaker system with music to get the children going!

The Dunnington team competed with superb resilience and brilliant teamwork. After many races, including the obstacle sprint, under and over relay and the 6 Lap Paarlauf and some exciting field events, we got 200 points and came 3rd!

A lovely afternoon and thank you to the parents who transported the children during the school day to allow the children chance to take part in this exciting opportunity! **WELL DONE DUNNINGTON!**

The total raised from today's home clothes day in support of Children in Need was £230.00.  
A kind donation was also received from The Fabric Gallery, Dunnington

Thank you very much for your support
