

Spring 2 - 2020

Learning Projects

Write a story of your choice (remember to include 'and' sentences, full stops and capital letters).	
Write a poem of your choice - it could be a rap like the Dinosaur Rap.	
Write a quiz of your choice (it could be on our topic of Spring).	
How many different ways can you make 25p/ 55p/ 60p etc? Use coins and take a photo of your finished work.	
Write your own subtraction maths sums using dice to get random numbers.	
Paint/ draw a picture (it could be on our Spring topic) and write a caption card to go with it explaining what you did.	
Build a junk model or sculpture take a photo and write about how you made it, what it is or turn it into a story.	
Investigate different plants drawing pictures and writing what you find out about the similarities and differences (e.g. appearance, smell, feel).	
Investigate how the fastest way to move water from one container to another. How will you present your results? How will you know which is fastest?
