

123

**Find 10 coins.**

**What is the total?**

**Make calculations using some of these coins.**

Discuss the value of each coin.  
Discuss strategies for adding and create calculations, for example:  $\pounds 1 + 50\text{p} + 2\text{p} = \pounds 1$  and  $52\text{p}$ .

123

**How many times tables questions can you answer in 30 seconds?**

**Can you beat your record?**

Give children quick fire multiplication questions from the 2, 3, 4, 5, 8 and 10 times tables.

**Go on a number hunt.**

**Create calculations using the numbers you have found.**

Discuss different places to collect numbers. Encourage children to create addition, subtraction, multiplication and division calculations.
