

Roman Historical Artefact Activity!

You are now an archaeologist

Task 1 - What is an archaeologist? Can you look the definition up or ask someone to explain it to you?

Here is a picture of a historical artefact.

Task 2 - Have a look at the picture and try to answer the questions without looking up what the artefact is.

Start by drawing a picture of the artefact.

What do you think it is?

Why do you think it is in this condition?

Where do you think it was found?

What is it made from?

Who do you think used it and what did they use it for?

How old do you think it is and from what period of history do you think it's from?

Then use the answer sheet on the school website below this activity to find out what the artefact is **and** what it was actually used for. Were you right?

ANSWER IS ON THE WEBSITE - no peaking before you answer all the questions!
