

Week beginning - 29/6/20

Summer 2 Week 5 Overview of subjects

Literacy

This week the focus is on endangered animal fact files. There are activities to do so that by the end of the week you will have written about an endangered animal of your choice. Some activities are on Seesaw and there is an optional Seesaw activity for lessons 4 and 5.

Maths

This week we have one step and multi-step word problems that can include any of the four operations. Lesson 4 is also available on Seesaw. Remember to refer to the Seesaw PowerPoints and videos from the last two weeks. Children have been doing really well with these up to know and we look forward to seeing their work on Seesaw.

Computing

Scratchjr - Can I make the sun set? Log on details as before.

French

Numbers to 20

Activity on Seesaw and matching pairs game available on a worksheet.

<https://www.youtube.com/watch?v=UsEz58BblMY> – song on youtube to watch

PHSCE

This week it is all about ants! Ants live in a strong society and the lessons and worksheets investigate how they live. What can we learn from ants? We would suggest doing worksheets 1 and 3.
