

Year 3/4 RE

Week beginning Monday June 8th

This term we will be looking at what we can learn from different religions about deciding what is right and wrong.

Most religions around the world have a set of rules that help guide believers in how they might live their lives and treat other people. It helps believers to be kind and unselfish.

This week we are going to look at an idea called 'Pay it Forward'. The idea came from a film where a young boy was asked by his teacher to work out a way to change the world. He came up with the idea of doing unselfish acts of kindness but rather than expecting the act of kindness in return, he suggested doing a kind act for someone else - Paying it forward.

Your task is to have a think about how you could 'Pay it Forward'. A kind deed could be making someone in your family a card, giving someone you live with a hug, helping with the chores. Here are a few sentence starters to help you. You could even do a drawing like the one above to show how your kindness has spread. Use Seesaw to show us how you got on!

One example of a kind deed I could do for someone is.....

If someone did this for me, it would make me feel.....

Three different ways in which I could 'pay forward' this kindness to others might be by.....

If everyone passed kind deeds on to others
