

## What I Want to Learn Lolly

In Year 1, our Learning Project approach allows us to follow our interests and learn about the things we find fascinating. This is your chance to think about what you want to learn in Year 1. It could be dinosaurs, sports people, dancing, animals, Vikings, a country you want to visit or how to make a toy. Whatever it is share your ideas here!

1. Put your name on the lolly stick (perhaps sideways).
2. Write a sentence, or some words, telling me what you want to learn about on the lines (an adult could help you with this, it's more about ideas than writing).
3. Draw a picture of what you want to learn at in the top part of the ice cream.
4. Complete as many as you like!
