

MEET JACK

Meet Jack, he goes to a school just like yours, he has teachers just like yours and he learns the same things as you.

Join Jack as he faces the challenges of his week in an interactive theatre performance by Falling Stars Theatre in collaboration with Mind Matters For Education.

The **PERFORMANCE** will focus on a boy who struggles to communicate his feelings and leads him to become anxious and withdrawn.

There will be a post performance emotion workout to identify, talk about and consider how to manage emotions.
