

Participants Wanted for Fun Child Study

The Culture and Development Lab at the University of York is looking for 5- to 11-year-old children to take part in a fun and exciting cross-cultural study on child development in the UK and Uganda.

We invite you to come to the university for 1.5 hours to play three games exploring children's attention to social rules about how they "should" behave. For your time, we would compensate you £25. For more information: <https://bit.ly/3qTrPQT>

We look forward to hearing from you!
